

THINK BANKER HELD FOR RANSOM

NINE TEXANS MEET DEATH IN ACCIDENTS

TWO CHILDREN PERISH AS FIRE DESTROYS RESIDENCE

BOY DIES AS RESULT OF NAIL HITTING EYE

Dallas Youth Is Killed While Playing "Scrub" Football Sunday

Fire, football, an explosion, a nail and automobiles claimed the lives of at least nine persons in Texas over the week-end.

Three children met violent deaths at San Angelo.

Fire destroyed the home of C. A. Falls, and his two sons, Randall, 4, and Billie, 1, were burned to death. Their mother was visiting a neighbor at the time, and the father was at work. Mildred Davidson, 9, died shortly after she was struck on a downtown street by an automobile.

Ray Dexter, 28, died in a Berger hospital Sunday as the result of a nail piercing his eye. Physicians said a blood clot lodged against the brain. The victim removed the projectile before he was removed to the hospital.

Playing in a "scrub" football

Doctors to Meet Tuesday At Longview

The fifteenth councillor district of the Northeast Texas Medical Society, composed of eleven counties, will meet at Longview Tuesday for an all-day session.

Physicians taking part in the program will be Dr. J. C. Carter, Marshall; Dr. Coleman C. Burns, Longview; Dr. A. H. Mann, Texarkana; Dr. W. P. Gardner, Texarkana; Dr. John E. Hill, Marshall; Dr. B. H. Griffin, Dallas; Dr. Frances Spinks, Texarkana; Dr. A. W. Roberts, Texarkana; Dr. V. R. Hurst, Longview; Mrs. Calvin R. Hamann, Dallas; Mrs. J. T. Robinson, Texarkana; Dr. D. W. Carter, Jr., Dallas; Mrs. D. R. Baber, Dainergfield; Dr. John O. McReynolds, Dallas; Dr. J. E. Knighton, Shreveport; Mrs. Rogers Cooke, Marshall; Dr. D. P. Warren, Waco; Dr. C. D. Hibbets, Naples; Dr. S. A. Colom, Jr., Texarkana; Dr. R. Y. Lacy, Pittsburg; Dr. Charles R. Gowen, Shreveport; Dr. F. S. Littlejohn, Marshall; Dr. C. E. Kitchens, Texarkana, and Dr. H. A. Ross, Longview.

A luncheon will be held at the Gregg Hotel with Hubert M. Harrison, manager of the East Texas Chamber of Commerce acting as toastmaster.

The women's auxiliary to the society also will hold a session, with Mrs. J. B. Baldwin of Marshall, council woman, in charge.

SEVERAL TOURNAMENTS TO BE PLAYED ON INDOOR GOLF COURSE

A series of tournaments will be held at the Nancy Rose Indoor Golf Course this evening. Free prizes, including a pass for one month, \$10 in cash, a case of soda water, a 10-pound pack of sugar, will be given.

The course, located at 303 East Bowie Street, behind the Johnson Bros. Chevrolet Company, was formally opened at 1 o'clock this afternoon. It has smooth greens and intriguing hazards. It is the first indoor "putt-putt parlor" in East Texas.

Birthday Club

Congratulations are extended to ROBERT GILMORE COOK, 11, 105 Nathan St., SAM LINDSAY, Jr., 7, 301 University Ave.

[This notice entitles the members to a free ticket to the Paramount for today's show.]

TAXI DRIVER SHOT TO DEATH AT LUFKIN

Lufkin, Tex., Oct. 27. (LP)—Tom Murray, 35, a taxi driver, was shot to death on Main street here yesterday by Perry Glen, 38, a meat cutter.

Murray was standing near the Texas Theatre in a Sunday afternoon crowd when Glenn approached, pistol in hand.

"Well, you got me, big fellow," Murray said as he glanced up and saw Glenn with a pistol.

Murray reached for the pistol and the two men started scuffling. Glenn stepped back and fired three times.

Murray fell to his hands and knees and died instantly.

Deputy Sheriff Hensley ran up. "Here I am. There he is. I did it," Glenn said.

The meat cutter said Murray had caused his wife to leave him a few months ago.

INVITATIONS SENT BY WESTERN UNION

Western Union messenger boys were busier than usual in Marshall today.

Telegrams signed by Dr. F. S. Groner, president of the College of Marshall, were sent to a number of business men inviting them to attend an important meeting at the dining hall of the college at seven o'clock this evening.

Due to the fact that Dr. Groner was out of town this morning, the purpose of the meeting was not learned.

COLDER WEATHER IS PREDICTED FOR MARSHALL

Colder weather is scheduled to come on the heels of the precipitation received here Monday morning.

The wind had shifted to the north at noon and W. D. Witherspoon, local weather observer, advanced the forecast of a drop in temperature by 10 o'clock tonight.

His opinion coincides with the prediction of the United States Weather Bureau at Dallas.

Harrison county received a .58 inch rainfall Monday morning, according to Witherspoon.

DEERING ATTENDS LEAGUE MEETING

E. C. Deering, chairman of District 6, is in Austin today to attend a meeting of the Interscholastic League meet, which has been called for discussion of the 4-year player rule.

The new ruling, which went into effect this summer, has caused considerable perplexity over the state. Last week two of Cisco's star performers were eliminated by the ruling, and Liston, a featured player of the local high school team, was kept out of the Palestine game for the same reason. There apparently is very much dissatisfaction over the new regulation.

Austin, Tex., Oct. 27. (LP)—The Texas Interscholastic League committee at a meeting here this afternoon will consider a proposed modification of eligibility rules.

The change has been suggested by Supt. E. C. Deering of Marshall High School.

He seeks a delay in putting a ten-semester rule into effect.

This rule makes a player ineligible after five years in or above the eighth grade of a school. The rule is not attacked but its immediate enforcement after recent adoption is said to work a hardship.

A questionnaire was sent out to various schools. Replies have been received from about 100. Opinion is divided, Roy Henderson, Athletic Director of the League, said before the meeting.

C. W. Lisenby returned from Dallas Sunday where he attended the annual convention of the dealers of the General Tire and Rubber Company. More than two hundred and fifty dealers in the Southwest were present.

Nathan Adams, Dallas banker, addressed the convention and W. O'Neil, president of the General Tire and Rubber Company spoke to the meeting about general business conditions.

LOCAL WEATHER. Maximum yesterday, 77 degrees, minimum yesterday, 59 degrees. Temperature today at 2 o'clock, 65 degrees.

FURTHER CUT OF ARMAMENTS HOOVER IDEA

President Speaks Over Radio to British and Japanese Officials

Washington, Oct. 27. (LP)—A suggestion that the nations of the world must soon go on to extend the naval arms limitation of the London treaty was made today by President Hoover.

In a speech broadcast throughout the world, the President hailed the deposit of ratifications of the treaty in London today by the various nations, but made clear he did not believe the limitation of armament should end here.

"If the limitations now established can be maintained we may look forward with assurance to the fact that future conferences will find it easier to bring about further steps in reduction," he said, speaking directly by radio to Premier MacDonald of Great Britain in London and Premier Hamaguchi of Japan in Tokyo, who also spoke in the international radio ceremony.

"It is the fervent prayer of right thinking men and women of this generation that the international confidence which has been so patiently and single-mindedly achieved may endure so that the agreements which have been reached may live and be extended.

"Never again must a race in naval armaments be allowed to develop."

The president expressed the hope that France and Italy might soon be able to compose their naval differences and become parties to the limitation agreement.

Texas Company Is Building New Station Here

The Texas Company has a new filling station under construction at South Washington Avenue and East Merritt street.

The building and canopy will be built of brick and in accordance with the company's plans for its stations.

The building will be modern in every way and equipped with hydraulic lift and pressure greasing machine, and will cost about \$6,500 exclusive of equipment.

Alf McClaran has the contract for the station. The foundation has already been completed.

Tigers Open Conference in Stephenville

With the hospital list greatly reduced, Coach "Sue" Hamel of the College of Marshall is hopeful that his men will emerge victorious in their first conference game of the season Friday with the John Tarleton eleven at Stephenville.

Clark, excepted, the Tigers have practically their main lineup intact. Clark, triple threat man, is still nursing a broken hand.

The Bengals will begin training Tuesday for the tilt with the John Tarleton outfit, about which little is known. The C. O. M. victory, 67 to 0, over the El Dorado Junior College eleven last Friday has instilled new confidence in the Tigers.

If they fail to bring home laurels this weekend it will not be because they didn't work for all they were worth.

NEW APPEAL FOR COMMUNITY CHEST

Another appeal was issued to the people of Harrison County Monday to rally to the support of the Community Chest. The campaign made last week was far below its goal. The contributions, it is believed, are insufficient to provide for any one of the four participating agencies.

Some of the business houses and corporations have not reported the amounts of their donations, due to the fact that in many instances it was necessary to get approbation from central offices.

Those who wish to make subscription are asked to call John Brownrigg at the Masonic building, or the Chamber of Commerce.

Miss Jacqueline La Rue (below) handwriting expert, will read your character if you will write her a note of not fewer than ten words. Just send your sample, written in ink, to The Messenger or The News.

Your Handwriting-- Shows Many Things

Do you know that the way you cross the letter T reveals to your friends whether you are an optimist or a pessimist, or whether you are the possessor of a very high temper or too agreeable?

Are you inclined to flatter and to please? Are you energetic or do you need someone upon whom you must lean? Watch your handwriting and you will see—and others will see, also, if they are versed in the art of character analysis from handwriting.

A vast deal has been said and written throughout the years in regard to how the character of a person is revealed by the way in which he forms the letter of the word. Authorities claim that even though one is highly accomplished in certain standards of writing, there creeps into the writing something of the individual. Many have studied the art of reading character or handwriting and are able to tell from only a few words, if their subject is one with a visit personality, one that cannot fail to impress greatly on first acquaintance, and improves on further acquaintance, or whether this person may be timid of an untrustworthy nature.

MAVS PREPARE FOR LUFKIN

Second Conference Game of Season to Be Played Here Friday

Cognizant of the fact that the championship of District 6 is far from being decided and that they still have an opportunity to win the title, the Mavericks will go to work Tuesday afternoon with the determination to labor as they have never labored before.

Although greatly upset by the surprising defeat meted out to them by the Palestine Wildcats last weekend, the Steers are bent on being fully prepared for their clash here Friday with the Lufkin High outfit. Friday's clash will be the second conference clash of the season for the Thundering Herd.

Reports have it that the record of Marshall High was broken when the Mavericks lost the opening set-to of the conference. It is said that no other team developed by Coach Willis suffered the same punishment.

The rejuvenated Steers have made up their minds to erase or offset this blamish by giving all they have in the rest of the contests to uphold the prestige of the name they bear . . . they put all they had into the game last Friday, but the odds were against them. Other teams in the district are of the same weight as the locals—Palestine outweighs them a vast deal.

Navy Day and Birthday Of Theodore Roosevelt Is Observed by Nation

Sweethearts (of the girls in every port) are on parade today. Today has a dual significance: it is the birthday of the late Theodore Roosevelt, and is being observed throughout the nation as Navy Day.

The purpose of Navy Day is to let the people of the country become better acquainted with their navy, its history, its peacetime missions, and its ships and men.

The reason that Roosevelt's birthday is being observed jointly with Navy Day is because it was during his administration the navy received impetus that placed it in the front rank of nations.

In order, to fittingly celebrate the occasion, the entire United States fleet is divided, and ships, singly and in groups, are sent to all seaports. Flags are flown from every masthead. Parades of bluejackets march the streets ashore. Holiday is declared. All ships are thrown open to inspection by their shareholders, the American people, and the Navy is "at home."

October 27 is an appropriate date for Navy Day for another reason—for on that date in 1775, the first resolution to authorize American warships was introduced in Continental Congress. Since that time the U. S. Fleet has had many changes; it has decreased at times and has expanded at times; public opinion and disarmament conferences have resulted in reduction; wars have resulted in large building programs—but withal, "we now have a Navy of which we may well be proud, and we shall retain the firm conviction that regardless of the task set before it, in peace or in war, the Navy will merit the simple praise, well expressed in two words, "Well done."

THE WEATHER. East Texas: Cloudy, showers in southeast portion, colder tonight; Tuesday fair, colder southeast portion.

GRAND JURY WILL CONVENE NEXT MONDAY

Murder Trial of V. B. Schoffner Scheduled to be Called Nov. 10

Charles R. Martin, clerk, has announced that the grand jury of the November term of district court will be convened here at 10 o'clock next Monday morning, the opening day of the session.

The appearance docket will be called at 9 o'clock the following day.

The main trial during the November term will be that of V. B. Schoffner, charged with the murder of Thurman Wall of Carthage. The case was transferred here on a change of venue. The trial is slated to be called Monday, Nov. 10.

The grand jury list is as follows: E. Echternacht, Waskom; N. L. Howard, Leigh; Pope, Sledman, Marshall; J. W. Westmoreland, Woodlawn; W. P. Roundtree, Elysian Fields; Geter Newman, Harleton; A. N. Beaty, Elysian Fields; Jeff Davis, Hallsville; C. L. Fason, Karnack; R. R. C. Hargrove, Marshall; T. C. Solomon, Marshall; Carl Mullis, Harleton; Lawrence Jones, Waskom; Henry Holcomb, Marshall; Route One; John Hall, Hallsville; Howard Crouse, Marshall.

First Round Of Championship Match Is Played

Following are the results of the first round of the annual championship tournament of the Marshall Country Club:

First flight: Harry Hill beat O. H. Clark 76 to 79, Chas. Aber beat G. M. Boone 84 to 85, T. J. Chatlam beat L. S. Hawley 79 to 82, R. L. Sacra beat Robert Rosborough 84 to 85.

Second flight: Rogers Cooke beat Kirk Purrr 86 to 90, Chas. Herrin beat Knox Lee 90 to 91, G. K. Wines beat P. L. Whaley 87 to 90, T. J. Dillehay beat L. H. Spellings Jr., 91 to 95.

Third flight: I. M. Meyers beat Treher Flight 91 to 98, Dr. Rickles beat Hal Winsborough 104 to 122, H. L. Cullom beat D. D. Hart 97 to 102, Joe Preslar beat A. S. Zachary 107 to 127.

Winners of the brackets will clash next Sunday and the final matches will be held November 9, weather permitting.

MANY ATTEND LOUISIANA FAIR

A large number of Marshall people attended the State Fair of Louisiana over the weekend, and a big delegation of colored people left on a special train at 11 o'clock this morning for the fair grounds to witness the annual battle between Wiley and Southern University of Baton Rouge.

A report is expected today on the judging of the agricultural exhibits. Harrison county's exhibit is expected to win first or second place honors.

NINETEEN BOYS AND GIRLS HURT IN BUS MISHAP

Hartford City, Ind., Oct. 27. (LP)—Nineteen children were injured today when a school bus crashed into a ditch, wrecked itself against a concrete abutment and threw its passengers into a shallow stream.

Three of the children were injured seriously, and all suffered from shock, cuts and bruises. Ralph Walke, 35, driver of the bus, was injured. He said the accident occurred when the steering gear became locked and he could not control the machine.

NEW REVOLTS ARE QUELLED

Leaders Are Arrested by Soldiers of Provisional Government

Sao Paulo, Brazil, Oct. 27. (LP)—General Hamilton Demoura, head of the former Washington Luis federal forces, attempted a counter revolution today but the provisional government quelled it promptly. It was reported Demoura was arrested.

The counter revolution in Sao Paulo also was put down, the authorities announced.

When the movement was started in the Plaza Republica here, the military police, cavalry and infantrymen involved arrested all of their officers who refused to join, including Col. Bandeira de Mello who was imprisoned in the government's headquarters.

X-ray Shows Rosborough Has 2 Broken Ribs

The condition of Eli Rosborough, father of Dr. J. F. Rosborough, injured in an automobile accident Saturday, is more serious than was first expected. An X-ray Sunday revealed two broken ribs and it is feared he suffered other internal injuries. Chances for his recovery, however, are said to be good. Dr. Rosborough is at his bedside.

Mr. Rosborough, clerk of the civil appeals court at Texarkana, was injured when his car collided with a truck at Douglasville, Cass county, while he was en route to Marshall. The two cars were said to have been going at a rapid rate of speed, and their drivers were unable to see owing to a fog. The collision occurred on a sharp curve. The injured man was carried to his home in Texarkana. The driver of the other car was unhurt.

TWO NEGROES HELD ON LIQUOR CHARGES

Two negroes are on the county's free room and board list because they violated the prohibition laws, the result of a raid by ETOAIN. Lee Jackson was arrested as the result of a raid by city officers Saturday night and was lodged in jail as the result of possessing a half gallon of liquor for the purpose of sale. His home, on Long street, was raided by Officers Harbuck, Huffman and Whitehurst.

A negro whose name was not learned was arrested Sunday afternoon by Officers Ezell and Huffman on charges of drunkenness. He is said to live at Carthage.

PAPER OFFICE WRECKED

Edinburg, Tex., Oct. 27. (LP)—The bitter political fight waged in Hidalgo County for the past four years by the faction opposing A. Y. Baker, millionaire sheriff of 14 years, has flared anew. Officers are seeking the persons who wrecked the office of the Tri-City Sun, newspaper supporting the Democratic party in the November election.

RICH ILLINOIS MAN MISSING FROM HOME

MYSTERIOUS LETTER IS RECEIVED BY CASHIER OF BANK

IS ABDUCTED BY MEN HE TRIED TO BEFRIEND

Report From Springfield Says Earl Yocum's Bank in Good Shape

Galva, Ill., Oct. 2. (LP)—Earl L. Yocum, Galva's richest citizen and said to be one of the wealthiest bankers in West Central Illinois, was missing today and it was believed he was held a captive by kidnapers who wanted ransom.

A. G. Anderson, cashier of the bank, left Galva today on a secret mission, reportedly in connection with the supposed abduction of Yocum.

Ralph Barlow, brother of Mrs. Yocum, admitted that a special delivery letter had been received at the Yocum home last night, and Don A. Anderson, a close friend of the family, said the letter was from Yocum.

Told of reports that Yocum begged his wife in the letter to pay ransom demands "up to \$50,000," Anderson would make no comment. Other reports were that a ransom of \$10,000 had been asked.

The banker, authorities believed, was kidnaped from his own front yard by men whom he tried to befriend by showing them the way to a home they pretended they wished to visit.

"Where is the home of . . . ?" Mrs. Yocum, the banker's wife, heard a stranger asked of her husband Saturday night as Yocum entered his front yard after taking his two children, Mary, 13, and Ann, 8, to a moving picture theatre. Mrs. Yocum said she did not hear the last word of the stranger's query, but she did hear her husband answer "right over there."

The stranger, she said, then asked Yocum, who is president of the Yocum State Bank of Galva, if he would show him the way. Yocum replied "sure" and strolled away.

An hour passed. Yocum did not return. His wife became worried and attempted to telephone to neighbors. Getting no response, she investigated and found that the telephone wires had been cut outside the house. Police were called, powers formed and a search began. Early today no trace of the banker had been found.

The news of Yocum's disappearance spread rapidly through his small town, which is 8 miles southwest of Kewanee, Ill., and 140 miles from Chicago. The kidnapping theory was accepted immediately as Yocum, one of the town's most popular as well as its most wealthy resident, had no known enemies.

BURNETT WELL IS REPORTED AS MAKING A POOR SHOWING

Reports received Monday morning indicated that the Burnett Lumber Company well made a poor showing after being bailed out Sunday afternoon. This information was given by an employee of the Burnett Lumber Company. He said Mr. Burnett was at the well and he had not seen him since early Monday morning.

"I'm sure he wants to speak with mother about an apartment, but she has already found one by using a Classified Ad in the local papers." For results, try a Classified in THE NEWS THE MESSENGER

tion—champions don't repeat—was under the threat of a determined Texas Christian University football team today.

After a week-end of upsets the Christians, 1929 champions, topped the calendar as the only team with no loss or tie to mar its record. They had no hand in enhancing their position, the Rice Institute eleven attending to that.

From the doormat of the conference since they have been members the Owls snapped up a break to defeat the Texas University team, fresh from a decisive victory over the Oklahoma Sooners and counted very definitely in the conference race because of its showing in that game.

Fighting with their backs to the goal line most of the game, the Owls recovered a fumble in the closing moments to take a 6 to 0 victory.

Indiana's ignominious defeat at the hands of the Southern Methodists was the result of the complicated and elusive aerial game of the Trojans. Lateral, forward, criss cross, the ball wove a not around the Hoosiers, and sent them north with a 27 to 0 defeat.

The Centenary Gentlemen showed a more powerful punch than was anticipated in routing out Baylor, 7 to 2, in the only other inter-conference clash.

The Christians loafed to a 26 to 0 win over Texas Tech, which was no more than a workout for the upper conference eleven.

Arkansas University plunged the Texas Aggies more definitely into the cellar by handing them a 13 to 0 lemon at Little Rock.

But for one big game, this will be an off week in the Southwest. Texas University and Southern Methodist, between which better rivalry has sprung up of late years, will resume hostilities at Austin. The Mustangs haven't dropped a

decision to the Longhorns since 1920. But many times have won only on most fortunate breaks and close decisions.

Four inter-conference games of no great import are on the schedule. The Aggies play Centenary at College Station; Baylor plays the Oklahoma Baptists at University at Shawnee, Okla.; Arkansas and Louisiana State meet at Shreveport; and Rice will try its new-found power against the University of the South, also called Sewanee, at Houston. The Frogs have another off-day with Abilene Christian College at Fort Worth.

The conference standing:

READ THE CLASSIFIED ADS.

### NORTHWESTERN IS FAVORITE OF BIG TEN

Chicago, Oct. 27. (UP)—The Big Ten's strongest team seems to be Northwestern, yet paradoxically Michigan appears to have the best chance to win the Western Conference football championship.

On October form, Northwestern deserves to be ranked above Michigan, but by a twist of the schedule Michigan seems most likely to complete its conference games without defeat.

Michigan has won its three conference games from Purdue, Ohio State and Illinois and has only to play Minnesota and Chicago, both at home. Northwestern has won from Ohio State and Illinois, but has to play Minnesota, Indiana and Wisconsin on successive weeks, the first two away from home.

If Michigan defeats Minnesota on November 15, the Wolverines will be as good as Big Ten champions as Chicago's feeble team hasn't one chance in a 100 of stopping Michigan in its final game.

**WHEREAS TWO MEN WILL WALK INTO THE BRINY DEEP**

Los Angeles, Oct. 27. (UP)—Coach Howard Jones, accompanied by Bill Hunter, director of athletics at the University of Southern California,

will walk hand-in-hand off the dock at Santa Monica this week. Ginning news reel cameramen will record the act while police restrain the uninitiated from calling the padded wagon.

Back in 1925, when Jones was having a difficult time beating Stanford University, he agreed with Hunter that when the Trojans could beat the Cardinals by three touchdowns he would accompany Hunter on a leap into the briny with all his clothes on.

"Are you going to do it?"

Jones was asked upon his return here from the game at which Stanford went down to defeat.

"Yes, if Bill is holding me to it," Jones replied.

Hunter grinned and nodded his head, so the leap into the none-too-warm Pacific is scheduled for some day this week.

### NINE TEXANS

(Continued from Page One)

game yesterday afternoon, Jack Davis, 21, suffered a broken neck at Dallas. None of the 18 youths engaged in the game was able to tell how the victim was injured. A coroner's verdict said death occurred accidentally.

An oil well, presumably a duster, suddenly blew in near Raham and Ernest Briscoe, 30, a night watchman, received fatal burns in the resulting explosion.

Two Strawn youths, Julius Schwast, 21, and Leon Lieu, 22, were instantly killed late Sunday in a three-way automobile collision on the Bankhead Highway south of Strawn. An attempt to pass one machine caused a smashup between all three. Occupants of the other two cars were uninjured.

Returning from the state fair, H. S. McFarland, 75, was struck by an automobile as he alighted from a street car at Dallas. He died an hour later in a hospital of a fractured skull.

The pilot and one passenger were injured when an airplane motor went dead over a landing field at McKinney while three Dallas aviators were staging an aerial circus. Whitey Owens, the pilot, was slightly injured, and Billie Morris, 17, of the McKinney community, was crushed but expected to recover.

## MARSHALL WOMEN ATTEND DALLAS FAIR.

Mrs. E. C. Whaley, Mrs. Drayton Powell, Mrs. Clayton Field and Mrs. R. L. Sacra have returned home from a visit with Mrs. George Signa in Dallas, where they attended the Dallas State Fair.

Mrs. S. F. Kelly of Texarkana, was also in the group.

## GROUP ATTENDS SHREVEPORT MEETING.

Twenty-five members of Marshall Chapter 356, Order of the Eastern Star, drove to Shreveport Saturday evening and were guests of the Queensboro chapter of the same order there.

Those who went were M. L. Walters, Mr. and Mrs. Jack Kelly, Mr. and Mrs. O. K. Ausmus, Mr. and Mrs. J. R. Norton, Mr. and Mrs. E. E. Garvin, Mrs. W. H. Huntsberger, Mrs. A. H. Burbage, Mrs. Jarrott, Mrs. Emma Green, Mrs. Thomas Sandefur, Mrs. W. E. Mead, Mrs. Charlie Currey, Mrs. J. C. Monigold, Mrs. E. L. Hatcher, and Miss Gladys Richardson.

## Personal

Mr. and Mrs. J. I. Cohen and Mrs. J. D. Johnson motored to Henderson Sunday to visit friends. Miss Genevieve O'Connor arrived from Mineola Saturday to spend the week end with her parents.

Mrs. J. H. T. Bibb returned home Sunday from Austin where she has been visiting relatives and friends.

Misses Dolly and Janie Matthias returned home Sunday from a week end visit to New Orleans.

Angus McKay of Shreveport spent the week end here with his parents, Mr. and Mrs. Heck McKay.

T. H. Keoun left for Fort Worth Sunday to visit friends.

Rev. E. S. Baker arrived home Sunday from Washington, D. C., where he attended a church meeting.

Mrs. W. G. Royall arrived home Sunday accompanied by her daughter, Miss Maggie Sue Felker, who has been attending school in the Capitol City.

W. D. Rains returned home Sunday from Dallas where he attended the fair for the weekend.

Mrs. Marshall Honeycutt and daughter, Dorothy Jane, left for Shreveport Sunday to visit Mr. and Mrs. Ed Jarrett and family.

Mr. and Mrs. W. E. Meade left for Shreveport Sunday to spend weekend with friends.

Miss Nellie Heartill returned home Sunday from Dallas where she visited relatives and attended the fair.

Mr. and Mrs. A. C. Braunig of Shreveport motored to Marshall

Sunday to visit her parents, Mr. and Mrs. E. A. Meyers.

Mr. and Mrs. Wm. Caven returned home Sunday from Dallas where they visited relatives and attended the fair.

Miss Norma Forsyth of Carthage returned from Dallas Sunday where she visited relatives and attended the fair.

Mr. and Mrs. J. H. Davis and children of Shreveport drove to Marshall Sunday to visit her parents, Mr. and Mrs. Heck McKay.

Mr. and Mrs. Leonard Lloyd drove to Shreveport Sunday to visit Mr. and Mrs. H. P. Atwood.

Herbert Bell left for Louisiana Sunday on a business trip.

Mrs. H. A. Brown and daughter, Mrs. W. Patrick Aetker and children visited friends in Marshall Sunday.

Erick Littlejohn of Houston, who has been visiting his parents, Mr. and Mrs. R. P. Littlejohn, left for St. Louis and Chicago Sunday on a business trip.

Glenn Huffman, who has been visiting his father, George L. Huffman, and sister, returned to school at A. & M. college Sunday.

Ted Lufgren arrived home Sunday from a visit to Dallas.

Mrs. John E. Taylor and mother, Mrs. L. W. Mortan, arrived home Sunday from a visit to the Dallas fair.

S. D. Johnson, superintendent of the dining car service on the T. & P., was a visitor to Marshall Sunday.

J. S. Matthias, general storekeeper of the T. & P., returned home Sunday from a business trip to New Orleans.

Joe Jenkins arrived from Fort Worth Saturday to go to the T. & P. hospital for a tonsil operation Monday.

Miss Gladys Rauschek, Miss Lois Vincent and Miss Judy Burbage spent the week end in Shreveport.

J. C. McGlothlin, train master of the Fort Worth division arrived from Mineola Sunday on a visit to Marshall.

Judge Reuben A. Hall and Court Stenographer Frank Green left for Longview Monday morning where they will open district court in Gregg County for the week.

Mr. and Mrs. George Kneipp of Shreveport were week end guests of Mr. and Mrs. Fred Heidelberg.

Mrs. Mabel Lee McCallum of Little Rock, Ark., spent the week end here with her mother, Mrs. M. J. Conerly and they went to Shreveport Sunday.

U. T. Casey left for Longview Monday morning to attend court.

Dr. Raymond Kay of Venice, Calif., who came here to attend the funeral of his grandmother, Mrs. Joe Weisman, left for home Monday.

D. B. Short of the Texas Milk Products Company, who has been on a trip east and attending the National Dairy show arrived home Sunday.

Frank Townsend, a resident for several years of Marshall, but now living in Galveston, and his son, Robert, were visitors to Marshall friends Sunday. They had been to Lancaster, Pa., to attend the marriage of Mr. Townsend's daughter, Marie, who was married to J. J.

Schneider in that city last Thursday.

H. P. Atwood underwent a serious operation at the North Louisiana Sanitarium in Shreveport Friday and is getting along as well as could be expected. He will have another operation the latter part of the week.

Miss Lucile Oliver arrived Sunday night from Fort Worth where she spent the week end with her parents, Mr. and Mrs. L. L. Oliver and resumed her school teaching in Waskom.

Mr. and Mrs. Otto Rains of Shreveport motored to Marshall Sunday and took his mother, Mrs. J. G. Rains, who has been visiting M. M. Rains and Mrs. Mary Norton, back home with them for a visit.

Dr. W. M. Bell of Waskom was a visitor to Marshall Monday.

## Palestine Win Is Surprise to Sports Writers

Marshallites were not the only ones surprised by the Palestine victory over the Mavericks. All the sport scribes of East Texas, including those of Palestine, doped the locals to win by a wide margin. Floyd Aten, sports editor of the Tyler Courier-Times, predicted the score would be 20 to 0 and Willard Wright, who writes a column for the Athens Review thought the outcome would be 20 to 0. Other sports writers advanced similar predictions.

Speaking of sports writers, the Tyler and Athens staffs are exchanging verbal bombs daily. Thus far they haven't called each other naughty names.

Wright in his column of last Saturday said this:

"Since our friend (?) Floyd Aten of Tyler enjoys the potential possibilities offered by a dazzling column of figures, here's a few more. We don't know exactly what he will do with them, but here they are:

"Marshall has scored 154 points in its games this year to its opponents' 32.

"Tyler has chalked up 108 points to their rivals' 20.

"And Athens has rung the bell for only 56 points to their foes' 68!"

Thus it seems that Marshall, on paper, should have little trouble in taking the measure of the Tyler Lions.

## Movies

By ALMA BURBA.

"Madam Satan" at the Paramount today is a surprisingly good picture. It has all the attributes necessary for good entertainment, a startlingly beautiful scene, a theme song strong enough to support these scenes and good actors.

The pantomime interpreting "Electricity" or "The Machine Age" is imaginative and realistic in a hitherto way. Costumes (in some cases all too brief) are dazzling in the ballroom scene on board the Zeppelin.

[And Madam Satan herself, played by Kay Johnson, has a sense of humor, which is delightful. The repartee between Madam Satan and Reginald Denny, her husband, is witty throughout. Roland Young is funny in every scene, especially when he suggests that those who wish to view the remains step this way. Lillian Roth is as pleasing as ever.

All in all, "Madam Satan" as a picture is entirely modern, sophisticated and brilliant.

There is a pair of roller skaters in the vaudeville skit which accompanies this picture who are well worth seeing.

NEW RADIOS DISPLAYED BY MARSHALL FIRMS

The new Victor Radios and combination radio-victrolas are finding popular favor in Marshall, according to the two dealers, Keoun Music Company and Matthewson-Pels Jewelry Company.

The three new models, two straight radios and an electrola with synchronized screen grid features, were displayed here last week for their initial showing. Within a few days, all of the radios were sold or were being demonstrated. The combination radio-victrola was displayed for the first time Saturday. The electrola is capable of recording one's voice.

Deaths

R. H. PFEIFFER FUNERAL

B. E. Pfeiffer arrived home Sunday from Selma, Ala., where he was called to attend the funeral of his father, Robert H. Pfeiffer.

Mr. Pfeiffer, who was 82 years of age, had lived in Selma for forty years, died and was buried in Selma last Wednesday.

Anyway, you don't see so many people just half shot.

## Prima Donna of Garden Revue

Dianna Thomas, Prima Donna of the Winter Garden Revue who will appear in front of the grandstand each night during the Louisiana State Fair, Oct. 25-Nov. 2.

## EVENING BREEZES

By SYALPA

This is a new feature of The Messenger and will appear regularly in the paper wherever the printers can find space for it. Please let it be understood that the things said in this column do not reflect the editorial sentiment of The Messenger.

The purpose of this feature is to give the man on the street the opportunity to present his views. We promise to let you in on some good gossip every now and then, providing of course, you promise not to tell.

An effort will be made to cuss and discuss various and sundry things. We are going to try to please you. When we displease you, let it be remembered that Primo Carnera has been signed as special bodyguard for the writer.

The writer believes in an optic for an optic, a molar for a molar. As you do not know his identity, and will never know it, he will not have to be too careful. That is a relief.

He is going to keep an "eagle eye" on the things that happen in town every day. If a married man is seen flirting with another woman's wife, said flirtation will be aired... and the writer will appear as a witness in divorce court.

The writer likes a regular fellow. He likes the way he speaks. Thus he will try to speak his language. He trusts that the good mothers of Marshall will not want to string him up for his choice of words. (As if some of the chills might read this!)

Oh well, if they do, they can study the Correct Word feature which appears on the editorial page of this sheet. It will put them on the right track and keep them there.

Now that we have given you the low-down on our intentions, we give you fair warning to be careful.

## HANDWRITING

(Continued from Page One)

and there was no reason why he should disappear voluntarily.

Word from the state bank examiner's office, at Springfield, was that Yocum's bank was in excellent condition. Yocum was said here to be worth more than \$1,000,000. He is known by bankers throughout the state.

No demand for ransom was reported, but officials felt certain that such a demand had been received by Mrs. Yocum, who was suffering severely from nervousness and fear.

Officials said a special delivery letter, which came into Galva on an east bound train, was delivered to the banker's wife Sunday afternoon. She refused to divulge its contents. Authorities felt certain the letter contained threats and a demand for money or that it had been written by Yocum and directed how ransom was to be turned over secretly to the abductors.

## MINE BLAST KILLS MANY

Death Toll Stands at Ninety-Three—Six Are Still Missing

Friedrichsthal, Germany, Oct. 27 (AP).—The death toll in the explosion which wrecked the Maybach coal mine near here Saturday stood at 93 today. Six men still were missing after 82 bodies had been recovered and three injured miners had died in a hospital.

Slight hope was held for 17 of the other 23 miners injured in the blast.

The explosion was the second disaster in German mines within less than a week. The Wilhelm Pit of the Anna Mine of Alsdorf was wrecked by a blast which killed 262 miners on Oct. 21.

Rescue parties described horrible scenes within the Maybach mine. Bodies were thrown into heaps by the blast and many of them were rendered unrecognizable. Fire added to the horror of the catastrophe. Searchers groping through the wreckage heard the cries of "comrades, save me" and discovered three miners still alive but terribly disfigured.

WAVE OF SELLING FOLLOWS SUSPENSION OF JONES & COMPANY

New York, Oct. 27. (AP).—Suspension of the stock exchange house of C. Clotier Jones and Company with 10 branches in New Jersey and Pennsylvania, brought about another wave of selling on the stock exchange today.

Selling did not take the form of a riot as in the case of previous

## Yes, By All Means

A movement is on foot to have Highway 8, which passes through Marshall, designated as a federal traffic artery.

This highway, which originates at New Boston and terminates at Port Arthur, affords the most direct route from Canada and the north to the Gulf.

Before federal designation can be made, the road will have to be greatly improved. It is our understanding that it must be an all-weather highway from its origin to its end before the government will take action. This means that the State Highway Commission will have to give its support, as will the counties through which the road passes.

The Messenger feels that if sufficient efforts are exerted, the ambition of federal designation can be realized. Fruition of this dream would be a long step forward for East Texas.

## September Fire Loss Heavy

A report from the Texas Fire Insurance Department shows the fire loss for September was \$607,530.00 less than August; however, there were 61 more fires reported in September than in the preceding month. The record also reveals that this is the highest September loss since 1924.

J. W. DeWeese, fire insurance commissioner, reminds us that beginning with the winter season there are additional fire hazards with which we have to deal, such as stoves, furnaces, boilers and pipes, oil heaters and lamps, defective chimneys and flues, and gas. It is important that we exercise great precaution in utilizing these necessities.

It is a foregone conclusion that the fire loss of the state will not be reduced until there is an awakening on the part of the people that the insurance companies are not paying the cost of our fires, but that it is being paid by the people themselves.

## All-Year School Plan

The Messenger notes that educators are discussing through "Texas Outlook," official organ of the Texas Teachers' Association, a proposed all-year school plan and that the majority of those contributing opinions think the proposal offers advantages.

The following comment comes from the Hillsboro Mirror:  
"It seems to us there are a good many reasons why the new plan should be put into operation."

"In the first place, the all-year school plan does not mean the pupil shall attend for the whole twelve months, but each shall take his three months' vacation as usual, but that the schools shall operate for twelve months and the plan would obviate the necessity for continual enlargement of school buildings, which would relieve the taxpayers of a growing burden in the form of bonds.

"It would also give the teachers twelve months' employment rather than nine, while at the present he is either idle for three months or forced to seek other employment.

"It would enable pupils whose parents need them for a few months out of the year to attend school for a full nine months while missing for those months needed.

"Some are of the opinion that it would not be applicable to the smaller towns or schools, but it seems to us that it is needed perhaps worse in the smaller towns than the larger ones.

"It also occurs to us that the rural schools which do not operate the full nine months should change their school months to conform with months in which the pupils are needed on the farm, and that this would permit children to get the full benefit of the school term, many of who cannot now attend during the fall and spring months because they are needed at home."

## Contemporary Thought

## "Come Out of the Kitchen"

There is no use claiming that strange things do not happen in Chicago besides the mysterious reasons why Chicago can never catch a murderer. Here is an instance, Judge Sullivan granted an injunction at the request of Mrs. Jacobs Kosina, restraining her husband from coming into her kitchen. The wife was led to this drastic action by the fact that her husband would come home, rush into the kitchen and cook dinner in spite of her protests that she was the better cook. The husband denied this and said that all the neighborhood would testify that his cooking was most pleasing to a hungry palate. He is to keep out of the kitchen until October 31, when the judge will take measures to ascertain if his cooking is as good as he claims it to be. It looks as if the judge is making a bid for a few meals in Mr. and Mrs. Kosina's dining room. That isn't strange but it is strange that any woman should object to her husband learning to cook.—Bonham Favorite.

Many a man thinks he has an inspiration to work, as long as it is not the kind that produces perspiration.

The smart young man usually succeeds after he outgrows the habit of being too darned smart.

There is no sign that anyone is ever going to invent a tire patch that will keep air in over-inflation.

There was a time when a man considered it to his credit to pay cash and live within his income.

We won't have to urge 'em to trade at home if the rain keeps up. They can't get out.

The quickest way to win a man's respect is to let him know you think him a wonder.

The things that go on for ever are eternity, the book and tobacco.

Many a man is living in the street just beyond his means.

Best way to keep ahead of the game is to keep away from it.

To forgive and forget is fine; to give and forget is finer.

EAST TEXAS  
PROGRESS

Notes of Terrell recently placed their stamp of disapproval on the proposal to sell the municipal light plant to the Texas Power & Light Company by a vote of 361 to 834.

Movement of the fall bean crop, grown on the largest acreage ever planted in Red River county, was begun last week. Almost all of the land given to potatoes and tomatoes last spring was planted in fall beans, and the crop will be packed and shipped in car lots from Avery, center of the county truck farming area.

Announcement has been made that a new 12-story, 150 room hotel costing \$800,000 will be erected in Tyler within the near future by the Southern National Hotel corporation. Option for a downtown site already has been obtained.

Carthage citizens now enjoy music by their own municipal band. The newly-organized band, which is the first to be in operation in Panola county in several years, is under the direction of J. B. Cannon of Henderson, an experienced bandmaster.

Plans are now being made for the erection of a \$200,000 hotel at Henderson. Oil play in Rusk county has resulted in an extensive expansion program in Henderson. Several new business houses and residences are being planned and some already are under construction.

Panola county farmers are giving "hard times" a blow this fall, a large per cent of them having excellent crops. Considerable of the surplus is being canned for winter consumption.

## FIVE-A-DAY

Ab-raids—To rub off; wear away by friction.

A-braist—Side by side. Up to a certain level or line; equally advanced.

A-bridgment—Act of abridging; diminution; reduction.

Ab-ro-gate—To annul by an authoritative act.

Ab-scind—To rend; cut asunder.

## A FEW SMILES

"Been seeing a good deal in print about a balanced ration."

"What?"

"What is your idea of a balanced ration?"

"Fats on a knife."

Hubby came home and found an argument going on. His wife was trying to give a bridge party.

"What's the row?" he demanded.

"One of the guests is threatening to walk out," explained his wife in a whisper. "I must conciliate her."

"Conciliate nothing. Let her walk out."

"Can't be done, hubby. She'll walk out with six chairs and four bridge tables I borrowed from her."

In spite of repeated warnings from his father, Bobby persisted in driving nails into blocks and boards. He had arrived at the play as carpenter stage.

One morning dad heard the familiar pounding, and looking out saw Bobby busily banging away—Sister Mary down beside him, apparently looking on.

"Haven't I told you, Bobby, that you will smash your fingers if you drive nails?" the father asked.

"Yes, I know, dad, but Mary's holding the nail."

675,327 PERSONS

## ATTEND STATE FAIR

Dallas, Texas, Oct. 27. (UP)—The Texas State Fair was history today, the records showing that 675,327 persons attended, as compared with 963,074 in 1929.

The final day yesterday had an attendance of 28,442. Inclement weather on several of the feature days was held responsible for the failure to equal last year's mark.

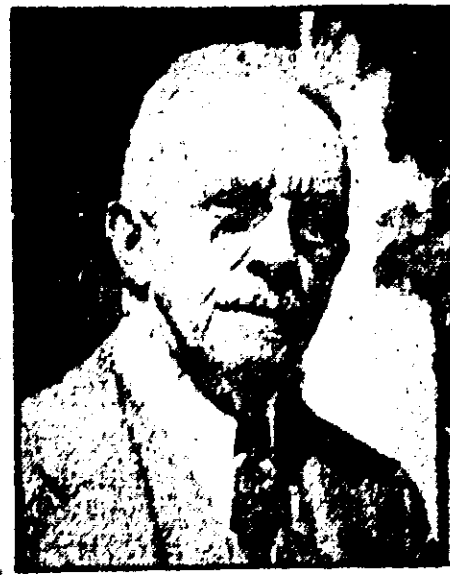

First meeting of the stockholders will be held Dec. 9 for recapitulating the last year's work, election of officers and planning the 1931 exposition.

A financial statement will be prepared within a week on the fair just closed.

Houston, Tex., Oct. 27. (UP)—Houston opened its waterway celebration today, with a triple salute, one navy day, another the presence of the new U. S. cruiser Houston on its own home town for the first time, and still another the tenth anniversary of Port Houston and its channel to the gulf.

One of the noted visitors in Houston today was assistant Navy Secretary Ernest Lee Jabucka, here for the ceremonies.

## In PROMINENCE TODAY

## Choice of Democrats

WILBUR CROSS

Trying to break the long rule of Republicans in Connecticut, Democrats named Wilbur Cross, long time professor of literature at Yale, their gubernatorial candidate. Cross accepted only after he was allowed a free hand in reorganizing the state Democratic committee.

The CORRECT WORD  
—HOW TO USE IT

by Josephine Turck Baker, Ph. D.

Apprehend and Comprehend.  
APPREHEND means to PERCEIVE; as, "I APPREHEND danger." COMPREHEND means to UNDERSTAND; as, "I COMPREHEND your meaning."

Approached.

APPROACHED should not be used in the sense of PETITIONED or ADDRESSED; as, "he APPROACHED the members of the church for a longer vacation," etc., instead of "he PETITIONED," etc. It is correctly used when the meaning is "to come near" by indirect

or covert intimation, suggestion, or question; thus: we say, "I APPROACHED him on the subject (felt my way), but as he did not encourage the suggestion, I said nothing further about it."

Apt.

APT implies natural fitness or tendency; as, "John is an APT pupil." LIKELY refers to a contingent event regarded as very probable; as, "it is LIKELY to rain today." LIABLE is used of a possible event regarded as disastrous; as, "he is LIABLE to die at any moment."

## RETROSPECTIVE

Items Culled From Old Newspaper Files and Edited by  
W. A. ADAIR

MONDAY, OCT. 27.

Twenty Years Ago.  
City Fireman John Cocker, driver of the hose wagon, received serious injuries when thrown from the truck as it passed under the track on North Franklin street, due to the rough street.

Oct. 24, 1836, the first patent for a friction match was issued to Alonzo D. Phillips, of Springfield, Mass.

Jonesville knows what it is to be the only dry precinct in the county. Empty whiskey bottles are to be seen along the roads leading out of that place.

M. Kaufman, with L. Kahn, visited relatives in Shreveport Sunday.

Mr. Davis, of Columbia, Tenn., is visiting his son, Walter L. Davis, a rumor floats across the Atlantic, that the Shell Oil Company, of London, is planning to enter into competition with the Standard Oil Company. If so, it will be a fight worth witnessing.

Preston Scott, now of Shreveport, spent Sunday here.

Bob Hunt and Frank Green visited Dallas Sunday.

A. B. Weeks went to Dallas on business today.

Mr. Weeks is now in the drug store business in Memphis, Tenn.

Thirty Years Ago.

Dr. Theodore DeWitt Talmage, of Brooklyn, whose sermons appear weekly in the Messenger, is perhaps the most eloquent man who has filled an American pulpit. Here is an extract from a recent sermon:

"If thou be the son of God? Is there any 'if' about it? Tell me, thou star, that in robe of white did run to point out his birth place. Tell me, thou sea, that didst put thy hand over thy lip when he bade thee be still. Tell me, you dead who got up to see him die. Tell me, thou sun in midheaven, who for him did pull down over thy face thy veil of darkness. Tell me, you lepers who were cleansed, you deaf who were raised, is He the Son of God? Aye, aye, responds the universe. The flowers breathe it; the stars chime it; the redeemed celebrate it; the angels rise on their thrones to announce it. That vile 'if' has venom enough in its sting to cause the death of a soul. No 'if' about it—I know it. I feel it through every muscle of the body, and through every faculty of my mind, and through every energy of my soul. Living, I will preach it; dying, I will pillow my head upon its consolations. Jesus, the Son of God."

Fifty Years Ago.

The Texas Narrow Gauge railroad is fifteen miles west of Tyler, and expects to be running trains into Corsicana by January first.

There is a bitter political fight on in Robertson county, between the Republicans and Greenbacks. The Democrats have no ticket in

the "hike" that Harry missed  
...and the Cause thereof

Harry stopped raking to stare, as down the dusty street, before the house, swung a marching troop of scouts—his troop—off on a hike! He couldn't believe his eyes! His troop. And he not there.

Harry dropped the rake, took the porch steps three at a time. They couldn't—oh, they couldn't go without him!

"Why, I don't know, child," Mrs. Adams exclaimed, looking up blankly from her sewing. "Mr. Brenner, the scoutmaster, surely must have called you."

Harry from the yard, and Mrs. Adams from the porch, gazed sorrowfully after the khaki-clad marchers.

"So that was who telephoned this morning when I didn't get upstairs to the 'phone in time!" thought Mrs. Adams to herself, regretfully. "What we need, I guess, is an 'extension' telephone downstairs."

Telephones where you need them save time, steps—even play a part in preventing youthful heartaches.

An "extension" telephonedownstairs might have made it easy for Mrs. Adams to reach the telephone in time.

Few know that the extra cost of one or two "extensions" is between two and three cents a day.

By a wisely-placed "extension" or two, an expert telephone man can often double the convenience of the telephones in your home.

His troop. And he not there!

## BRINGING UP FATHER

## "Maggie and Jiggs"

By GEORGE McMANUS

I DON'T UNDERSTAND IT YOUR FATHER HAS CHANGED 50-100. REALLY AFRAID OF HIM. I THREW A PLATE AT HIM AND HE FIRED A VASE BACK AT ME.

DON'T WORRY, MOTHER. I'LL GO AND TALK TO HIM.

IT'S ME, DADDY. MAY I COME IN?

YES, BUT DON'T BRING ANY BILLS WITH YOU.

IT'S ABOUT MOTHER—SHE SAYS IF YOU DON'T CHANGE YOUR WAYS AND TREAT HER DIFFERENTLY SHE'LL NEVER SPEAK TO YOU.

WELL, TELL HER TO BUT IT IN WRITING.

## Beauty in Skyscraper Construction

More Than Five Thousand Men Have Been Employed in Erecting The Empire State Building, Towering to a Height Greater by One-Fifth Than Any Other Work of Man

STEEL CUTTING TORCHES

"TARZANS OF THE GREAT GIRDERS"

EMPIRE STATE BUILDING

NEW YORK'S NEW SKYLINE

By ALICE ALDEN.  
New York, Oct. 27. (UP)—A city within a city. This hackneyed phrase has come into its own at last as the new Empire State Building rears its silvered mass to the sky.

Victors stand around as they gaze on the massive pile that represents the imagination of man transmuted into actual substance in terms of a building as marvelous as it is beautiful.

Statistics are always dull. But when they are gleefully recited by such men as ex-Governor Smith, the multi-millionaire philanthropist August Heckscher, Pierre du Pont and John J. Raskob, facts and figures take on a new and important significance. And these same gentlemen are responsible for the information that more than five thousand men have been engaged in building the gigantic edifice which now towers above Fifth Avenue to a height greater by one-fifth than any other work of man.

In spite of the tremendous undertaking, it has been accomplished in record time. Demolition of the old Waldorf-Astoria Hotel, which previously occupied the Empire State site, began in December, 1929. On March 17, 1930, the work was begun of filling the gigantic hole in the ground with steel and concrete foundations. And six months later, the steel workers

proudly raised the flag which signified the completion of the framework, 85 stories, 1,048 feet above the street.

Just now, daredevil steelworkers, suiter footed even than mountaineers, are working with the hazardous job of erecting the 200-foot airship mooring mast which is to top the monster structure which stands at Thirty-fourth Street and Fifth Avenue in New York City.

When the Empire State Building opens its decorative portals on May 1, 1931, it will become office home for some twenty thousand tenants. It is expected that there will be about 30,000 visitors daily to see this new wonder of wonders and gaze on the panorama of the city from its towers.

Already much space has been rented, and John J. Raskob, chairman of the National Democratic committee, will occupy the highest office in the building. A sumptuous suite is being prepared for him on the eighth floor. Above that floor, the remaining five stories will be occupied by elevator motors. There are to be sixty-two high speed elevators to whisk passengers a thousand feet into the air in less than a second—pumps, intricate motors and the other machinery necessary to the operation of such a vast building.

It can never be dull weather

again in the vicinity of Thirty-fourth Street and Fifth Avenue. Even on the dullest day the "Allegany Metal" exterior will make things seem bright. Shining strips of this steel and aluminum alloy stretch in unbroken lines the full length of the building. Ornamental aluminum plates below each window complete a strikingly modern

and handsome exterior. The ground floor and basement will be filled with every conceivable sort of shop catering to the manifold wants of tenants and visitors. Restaurants, haberdasheries, gown shops, florists, druggists, banks, cigar stores and theatre ticket agencies have already taken space and will occupy strikingly decorated stores.

Although man has had such a hand in the building of the Empire State edifice, the human element is to be dispensed with as much as possible within the building. The express elevators are to be entirely controlled by machinery, and some of the cars will travel to the sixty-fifth floor without a stop.

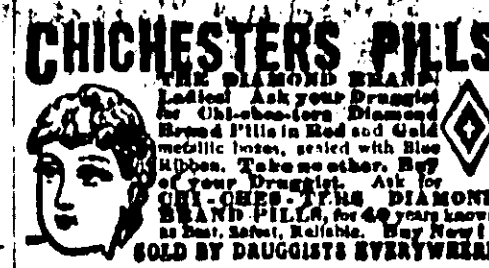

And so the combination of art and imagination is writing another saga in the history of the Cathedrals of Commerce which mark the glorious skyline of the world's metropolis, New York.

## MAN PRONOUNCED DEAD IS REVIVED

Marengo, Ill., Oct. 27. (UP)—Friends and neighbors called today upon William H. Dalzell, 86, and pronounced him "the liveliest corpse" they had ever seen.

Last Wednesday Dalzell suffered a stroke of paralysis, the second within a week. His sister-in-law, Mrs. David Dalzell, found him slumped in a chair. She called a physician. The doctor said Dalzell was dead. An undertaker agreed. They carried the "dead man" into another room and put a sheet over him. Suddenly he moved, pushed the sheet from his face and asked what the commotion was about.

Dalzell, who was able to get up and eat a hearty meal.

CHICHESTER'S PILLS

ALL persons owning stock in Kahn Memorial Hospital are earnestly requested to attend a stockholders' meeting to be held in the City Hall at ten-thirty, a. m., Oct. 28, 1930. Business of Importance.

Pres. Board of Directors.

## NEGRO DROPS DEAD.

Prince Brazzale, a negro, dropped dead at his home about fifteen miles southwest of Marshall Saturday.

Brazzale was about 80 years old

and was out in the yard with his wife when he fell to the ground and died in a few minutes.

Chester F. Adams and Sheriff Sanders held the inquest and returned a verdict that he died of natural causes.

## KELLY AGAIN MAKES CHARGE

Makes Accusation After Investigation Says Report Unjustified

Washington, Oct. 27. (UP)—The report of Ralph S. Kelly that the oil shale lands in Colorado were mismanaged by the Interior Department and allowed to fall into the hands of large oil companies were reiterated today after a Department of Justice investigation had concluded that the accusations were unjustified.

"The Department of Justice report is a ridiculous whitewash," Kelly said. "It tears with its statements and misrepresentations. After a hasty, superficial, so-called investigation, the attorney general has only praise for his fellow cabinet member, Secretary Wilbur, though the fact remains—because not even the attorney general can escape it—that the oil companies have the Colorado oil lands. The public, to which they belong, has lost them."

The Department of Justice report leaves the next move in the dispute with chairman Nye of the Senate Public Lands Committee. Nye has said that, while he believed Secretary of Interior Wilbur was without blame in the matter, he felt Kelly's charges should be brought to the attention of his committee.

## Earl Carroll Takes Pulpit To Defend Girls

Boston, Oct. 27. (UP)—Earl Carroll was a preacher for a day yesterday.

The "Vanities" and "Sketch Book" producer accepted an offer to use the pulpit of the Channing Unitarian Church in Dorchester to carry on his private war with City Censor John M. Casey and others who would make his chorus girls wear more than they do.

"I like to think of my God as a God with a sense of humor," Carroll said from the pulpit. "The hardest thing in the world is to create a laugh. Mr. Casey destroys laughs but he doesn't give me one for each one he eliminates. I am sure my God has a sense of humor. If He didn't He could never have created so many of us."

"Mr. Casey comes down to the theater to destroy. He comes to the theater to track down the 'hells' and 'damns' and all the other peevish things which a ridiculous law says must not be done, or said in the theater."

Carroll had his say later. "I will not allow that man Carroll to stand up in a pulpit and hold me up to ridicule while he attempts to gloss over the truth," the censor said at his home.

"His girls arrived in Boston, not without stockings, but without costumes. Even the savages wear more of a covering than his girls wear. He knows very well that I would allow his girls to appear without stockings if they wore decent costumes. Boston does not ban legs, but it does ban indecency."

Dallas, Oct. 27. (UP)—The Interstate Commerce Commission hearing on the application of the Texas & Pacific Northern to build 333 miles of railroad from Big Spring to Vega, Amarillo and Lubbock will be held at Plainview and Lubbock in December, according to information here.

John F. Davis, examiner for the Finance Board, will conduct the hearing. The Santa Fe is expected to lead the fight against the T. & P. invading its territory.

## Chicago vs. Mississippi

A thin crowd of 15,000 watched the Maroons and Mississippi battle to a scoreless tie. Photo shows Haynes, Mississippi halfback, being pulled down after a short run.

## FORMER MAVS ARE PRAISED

Brown and Murff are Commended for Their Work in Saturday's Game

Joe Carter, sports editor of The Shreveport Times, praised the work of Alvin Brown and Ralph Murff, former Marshall Mavericks, for their brilliant work in Centenary's 7 to 2 victory Saturday over the Baylor Bears in his report of the game in Sunday's issue of The Times.

The battle was won in the last 10 minutes of play when the Bears were leading by a score of 2 to 0 as a result of a safety scored in the third quarter when Captain Alvin Brown of Centenary was downed behind his own goal line. Ralph Murff started the Gents on the road to victory by racing back 40 yards after receiving a punt and Captain Brown followed it up with a 34-yard dash off tackle that put the ball on the opponent's 16-yard line. A lateral pass from Brown to Murff sent the latter over the goal line. A pass from Brown to Patton added the extra point.

In their brilliant victory the Gents lost the services of the sensational young halfback Earl "Boy Blue" Nolan, who received a broken collar bone in the first quarter of the game but not until he had almost raved the Texans into submission. With Nolan on the receiving end of a lateral pass the Gents in the first two minutes of play moved down to Baylor's 3-yard line where they were checked off.

Nolan was a constant threat all the time he was on the field and the big, powerful Bears showed the 140-pound speed demon no mercy every time they brought him to earth.

Captain Alvin Brown played probably the greatest game of his career. He was truly a triple threat man. His punting and passing was splendid and his 34-yard plunge through the line was the greatest gain made by either side on a dive inside of tackles.

## Texas Sport Tabs

By UNITED PRESS

Waco, Texas, Oct. 27. (UP)—Texas Aggies and the Bears of Baylor University will meet again on athletic field and court for the first time since late October day in 1928 when student riots between halves of an annual gridiron battle took the life of one Texas A. and M. student.

President T. O. Whitton of Texas A. and M. and President S. P. Brooks of Baylor University today publicly authorized resumption of athletics relations "as early as date as is feasible in the light of present schedule arrangements."

It is believed a football game will be scheduled for next October.

Dallas, Texas, Oct. 27. (UP)—In an all-state polo tournament at El Ranchito Saturday morning, four teams will fight for championship honors and

## the Texas silver loving cup.

Two teams from Dallas will enter the fray, with Wichita Falls and El Ranchito rounding out the quartet.

The contest will be played in conjunction with the races at Arlington Downs, where 150 thoroughbreds from all sections of this country and Canada await the bugle to call them to the starting tape.

Houston, Texas, Oct. 27. (UP)—Dick Jamerson, Rice Institute flash who glided through the University of Texas forward wall Saturday for the touchdown that gave the owls their first conference victory, today found himself in second place in the Southwest Conference individual scoring race.

Cy Leland of T. C. U., who had little opposition on the gridiron thus far this season, tops the slate with 42 points. Jamerson follows with five touchdowns and a total of 34 points. Leland and Harris follow third and fourth with 33 and 30 points respectively.

## PALESTINE SHOPS CASE REOPENED

Anderson County City Hopes to Retain General Offices and Shops

Washington, Oct. 27.—The city of Palestine and Anderson County, Texas, are to have another opportunity of convincing the Interstate Commerce Commission that when they paid the old International Great Northern Railroad \$150,000 for location of the general offices, shops and roundhouses, it became and continues to be a binding obligation upon the Missouri Pacific, now owners of the International.

The commission has reopened the Missouri Pacific unification case, which involves the contract with the city and county, and will hear further argument on "the alleged obligation." The unification was approved by the commission last July without passing definitely upon the contract, adding it was something for courts to decide.

The commission also will hear argument on the question of requiring of the Missouri Pacific to maintain existing routes, based upon petitions filed by the Kansas City Southern, the Katy and the Rock Island-Burlington. All other matters involved in the unification are excluded from the rearguments.

## Harry Payne Whitney, Wealthy Sportsman, Is Claimed by Death

New York, Oct. 27. (UP)—Harry Payne Whitney, multimillionaire sportsman and financier, died of pneumonia last night at his home, 111 East Avenue. He was 58.

From his secretary it was learned that Whitney caught a slight cold with fever last Tuesday. It was not considered serious, but pneumonia developed.

Mrs. Whitney, the former Gertrude Vanderbilt, a sculptress of note, and their three children were with him when he died.

Harry Payne Whitney, one of the richest men in America, was the son of William C. Whitney, Secretary of Navy in the cabinet of President Grover Cleveland, and born Harry Whitney, he was born April 29, 1872, in New York. He attended Yale University, from which institution he was graduated in 1894.

Although he inherited from his father one of the country's greatest fortunes—estimated at \$200,000,000—Whitney was known particularly for his activities in the field of sports.

He was an expert poloist, a member of the "Big Four" of 1909 that brought to America from England the international polo cup, and established the reputation of the United States in that sport.

Mrs. Miller now holds air record. Valley Stream, L. I., Oct. 27. (UP)—Mrs. Keitt Miller, British aviator, now holds the transcontinental air record for women for both directions.

Mrs. Miller completed the last lap of the west-east flight in four hours and 47 minutes, arriving here yesterday. After total flying time, from Los Angeles was 21 hours and 55 minutes, almost four hours less than the previous record, held by Laura Ingalls.

Previously the British airwoman had captured the east-west record from Miss Ingalls by flying from New York to Los Angeles in 25 hours and 44 minutes flying time.

The city and county will be divided into districts and a canvass of every house will be made.

## BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
